NEW GENERATION TESLA LIGHTING

GU10 LED spot lighting

230V recessed and spot lighting

Replacement of traditional halogen bulbs as applicable in ceilings, as well as directional lighting. While maintaining a design element LED technology energy savings of up to 90% and offer a wider range of beam angles. Good performance and heat dissipation to ensure a lifetime of 35,000 hours.

GU10 LED SPOT LIGHTING

	PRODUCT NUMBER	EAN	SOCKET	POWER	REPLACEMENT FOR	LUMINOUS FLUX	BEAM ANGLE	COLOR TEMPERATURE	DIMMABLE	LIFESPAN	CRI	DIMENSIONS	VOLTAGE	PROTECTION CLASS

* LA = 70 - survival factors

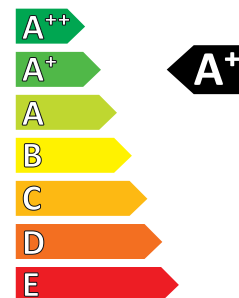

Features

- Rugged construction
- High quality LED chips and optimal heat dissipation
- Lifespan up to 25 000h (L70)
- 36° to 100° beam angle
- High color fidelity
- Environment friendly - no mercury nor any other hazardous substances

Application

- Home and professional use.
